

Stock Market Game NEWS SCAVENGER HUNT

(Cut out/copy/or cite and paraphrase each article and answer each question.)

1. Read the front page of the newspaper. Predict the direction the stock market will take that day, as a result of the events covered in the news.
2. Find an article giving investment advice, or discussing an investment topic.
3. Find an article about a company. What is the company's name? What type of product/services does this company provide? Tell three facts you learned about this company from this article.
4. Find an article about a local company. Is the article good news or bad? Is this a private or publicly-held company? Will the news have an affect on the stock price for this company?
5. Find an article about an international event that might have an effect on the economy. Will this event affect the stock market?
